

Ultrasound Technologist:

Gulf Coast Veterinary Specialists has the most technologically advanced diagnostic equipment and a group of dedicated veterinary specialists in critical care, dermatology, diagnostic imaging, internal medicine, neurology, oncology, orthopedics, and soft tissue surgery. The diagnostic imaging department is currently looking for an ultrasound technologist to fill a permanent, full-time position in our fast-paced, cutting edge practice to perform ultrasound studies on patients from all these areas. This position will include abdominal and cardiac ultrasonography on all types of veterinary patients, equipment care and maintenance, and assistance in other areas of veterinary imaging as time permits. We offer excellent benefits and competitive compensation (dependant on experience).

Benefits include:

- Paid Time Off
- Paid Holidays
- Health Insurance
- Vision Insurance
- 401K Profit Sharing Program
- Uniforms
- Discounted Pet Services and Supplies

Requirements:

Applicants must be ARDMS Registered or preparing to take their exam. It is preferable for applicants to have experience with animals but no veterinary ultrasound experience necessary. Applicants must be comfortable with all types of pets and highly interested in pursuing a career in the veterinary field. On the job training will be provided for veterinary ultrasonography. Good communication with all doctors and staff is essential to the success and quality assurance of the ultrasound procedure. It is critical that applicants can work in a team environment, have excellent time management skills and be adaptable to quickly changing situations to be successful in our busy and demanding environment.

If you are interested in this opportunity to work in specialty veterinary medicine and work with some of the most advanced imaging equipment, please fax your resume to Lauren Diamond at 713-579-2538 or email it to laurend@gcvs.com.
