

Imaging Technician:

Gulf Coast Veterinary Specialists has the most technologically advanced diagnostic equipment and a group of dedicated veterinary specialists in critical care, dermatology, diagnostic imaging, internal medicine, neurology, oncology, orthopedics, and soft tissue surgery. The diagnostic imaging department is currently looking for a veterinary technician to fill a permanent, full-time position in our fast-paced, cutting edge practice. We offer excellent benefits and competitive compensation (dependant on experience).

Benefits include:

- Paid Time Off
- Paid Holidays
- Health Insurance
- Vision Insurance
- 401K Profit Sharing Program
- Uniforms
- Discounted Pet Services and Supplies

If you are interested in this opportunity to work in specialty veterinary medicine and work with some of the most advanced imaging equipment, please fax your resume to Lauren Diamond at 713-579-2538 or email it to laurend@gcvs.com.

Requirements:

Applicant must be able to work in a team environment, manage multiple tasks simultaneously, and be adaptable to quickly changing situations. A high school diploma (or equivalent) is required. Veterinary experience is preferred in the areas of phlebotomy, catheter placement, anesthesia induction, intubation, anesthesia monitoring, and knowledge of basic veterinary anatomy is a plus but not required for consideration. The successful candidate will have opportunities to work with Digital Radiography, Fluoroscopy, Ultrasound, CT, MRI, and Nuclear Medicine.
