

Patient Care Technician - Intensive Care Unit:

Gulf Coast Veterinary Specialists has the most technologically advanced diagnostic and therapeutic equipment along with a group of dedicated veterinary specialists in acupuncture, critical care, dermatology, imaging, internal medicine, and oncology. The internal medicine and critical care departments currently have an exciting opportunity for an experienced veterinary technician to fill a permanent, full-time position in our fast-paced, cutting edge intensive care unit. GCVS is a 24 hour patient care facility and has a position available on our 2pm-12am shift. Candidates must be available to work weekends and holidays. We are looking for veterinary technicians with previous experience in patient monitoring, administering medications, induction and maintenance of anesthesia, and emergency care. The candidate must have a passion for veterinary medicine, a strong initiative to learn, and strive to perform at their highest level possible.

Requirements:

Higher education and/or RVT are preferred, but additional experience can substitute. Experience in an emergency clinic or multiple doctor, fast paced clinic preferred. We are looking for someone who is self motivated and can work well independently and in a team environment. Applicant must be able to multi task, prioritize, and handle high stress situations. Minimal skills required are calculating drug dosages, administering medication (PO, SQ, IM, IV, etc.), placing peripheral catheters, intubating patients, and obtaining vitals such as temperature, heart rate, respiration rate, and blood pressure.

We offer excellent benefits and competitive salaries (dependant on experience).

Benefits include:

- Paid Time Off
- Health Insurance
- 401K Profit Sharing Program
- Paid Holidays
- Uniforms Provided
- Discounted Pet Services and Supplies
- Paid Accreditation Dues
- Rewards Program
