

Audrey Hudson, DVM, DACVO

Ophthalmology

Dr. Audrey Hudson received both her bachelor's degree and doctor of veterinary medicine from Texas A&M University. She practiced small animal medicine and surgery for three years prior to specializing in veterinary ophthalmology. Dr. Hudson completed a three year veterinary ophthalmology residency in Dallas, TX and became board certified by the American College of Veterinary Ophthalmology in 2016. While she enjoys all aspects of veterinary ophthalmology, Dr. Hudson's special interests include surgical interventions for ocular diseases and neuro-ophthalmic conditions.
