

Michelle Fabiani, DVM, DACVR

Diagnostic Imaging, Telemedicine

Dr. Michelle Fabiani received both her bachelor's degree and doctor of veterinary medicine from Texas A&M University. She practiced general and emergency small animal medicine for six years prior to pursuing a career in radiology. Dr. Fabiani completed a three year residency at Gulf Coast Veterinary Diagnostic Imaging in 2002 and became board certified by the American College of Veterinary radiology in 2003. Since board certification, Dr. Fabiani has acted as staff radiologist at Gulf Coast Veterinary Specialists. Additionally, Dr. Fabiani was an adjunct professor of Diagnostic Imaging at Saint Matthews University, College of Veterinary Medicine from 2006-2012. She has lectured extensively, providing education to veterinary students and veterinarians locally, nationally, and internationally. In 2012, Dr. Fabiani became the first veterinary radiologist to receive the Texas Academy of Veterinary Practice Clinical Referral and Consultation Award. She enjoys all aspects of diagnostic imaging but her special interests include computed tomography, echocardiography, exotic animals, and interventional radiology techniques.
