

Brian Harnish

Brian began his veterinary practice management career in 2005 after completing 22 years of active duty in the United States Navy. Since then, he has also gained experience by working at Providence St Joseph Health System, Baylor Scott and White, and Memorial Hermann Health systems before joining Gulf Coast Veterinary Specialists in August of 2018. Brian holds a degree of Bachelor of Arts Degree in Healthcare Administration. He shares home with his wife of 22 years and 3 four legged children, one of which has been a very familiar face in the Oncology department for more than four years.
