

Courtney Copley, LVT

Courtney brings nearly a decade of experience within the veterinary field, with 8 of those years dedicated specifically to leadership roles such as Lead Tech, Charge Tech, Emergency Supervisor, and now as Clinical Manager. Her professional journey includes four years in primary practice, and she is currently approaching her 5-year milestone at GCVS in the Emergency Department. Courtney is a graduate of the Vet Tech Institute of Houston and holds a license as a Veterinary Technician. In the near future, she plans to enroll at Western Governors University with hopes of achieving an MBA.

Â Courtney has embraced Houston as her home for the past decade, recently marrying her wife, Darian, and buying a home. Their family is completed by two miniature dachshunds, Monte and Blondie, and a DMH orange tabby named Twinkie. Courtney and her wife share a love for traveling, staying active, and engaging in various DIY home projects during their spare time.
