

Laura Vasquez, DVM, DACVIM

Dr. Laura Vasquez received her veterinary degree from Texas A&M University in 2007. She completed a small animal internship and a neurology/neurosurgery residency, and earned a master's in biomedical sciences at the University of Missouri in 2011. Her research involving the development of electrodiagnostic techniques in dogs won the 2010 ACVIM Forum Resident Research Award in Neurology. Dr. Vasquez became board -certified by the American College of Veterinary Internal Medicine (Neurology) in 2011. Throughout her travels, she has remained a Texan and has returned to her roots by joining the Gulf Coast Veterinary Neurology and Neurosurgery team in August 2011. Her interests are neurodegenerative disorders such as canine degenerative myelopathy.
