

Fred Cantor, DNP, MBA, RN

Fred began his healthcare career about 20 years ago as a firefighter and paramedic. Fred continued to become a registered nurse working primarily in the emergency department. With a passion for leadership and employee engagement, Fred went back to school to achieve a master's in nursing as well as business administration and finally a doctorate in nursing practice with a focus on leadership and education. Fred has held many leadership positions in human healthcare, most recently as a multi-campus chief nursing officer. Before joining GCVS, he enjoyed traveling around the country with his three pit bulls taking on interim leadership positions.
