

Kimberly Snook, DVM

Emergency & Critical Care

Dr. Kimberly Snook, a proud Houston native, has returned home to serve the local veterinary community with passion and dedication. She earned her Doctor of Veterinary Medicine degree from Tuskegee University College of Veterinary Medicine in 2020 before heading to Brooklyn, New York, to complete a small animal rotating internship at the Veterinary Emergency and Referral Group.

Dr. Snook has always had a special interest in neurology, along with additional passions in soft tissue surgery, wound management, and the Fear Free care model, which guides her approach to compassionate, patient-centered care.

Outside of work, Dr. Snook is an avid rock climber and yoga practitioner, enjoys bike riding, baking delicious treats, and immersing herself in her favorite Legend of Zelda games. She loves exploring Houston's vibrant and ever-expanding restaurant scene. At home, she shares her life with her husband, and their two playful cats, Noodles and Nugget.
