

## **Nathan Bodnar, DVM**

Originally from Edmonton Alberta, Dr. Nathan Bodnar received his doctor of veterinary Medicine from the WCVU in 2007 and previously graduated with a bachelors of science from UVic in 2003. In 2008, Dr. Bodnar completed an internship in emergency and critical care at Dove Lewis ER and ICU Animal Hospital in Portland Oregon. He worked as a staff emergency doctor there from 2009-2014. Prior to joining GCVS as the lead emergency veterinarian, Dr. Bodnar worked as an emergency veterinarian in the Houston area. Dr. Bodnar's special interests include toxicology and endocrine emergencies. While away from work he enjoys spending time with his wife and kids along with his multiple dogs and cats. He also spends time working on his saltwater aquarium and watching hockey.
