

Virginia Nick

Virginia Nick graduated from VTI with an Associate of Applied Science in Veterinary Technology in 2011 and began working for Gulf Coast Veterinary Specialists in the Critical Care ICU. She is the new Clinical Staff Manager overseeing the Medical Oncology, Radiation Oncology, Internal Medicine, Cardiology, Dermatology, Avian and Exotics, ICU, and Emergency departments. While Virginia has been in various positions within the company, her true passions lie with the technical staff's patient care and mentoring leadership. When she is not at work, she enjoys painting and spending time with her husband, two children, and a menagerie of animals.
